

Bulk Pick-up Guidelines

Acceptable bulky items include stoves, water heaters, washing machines, refrigerators and other appliances (with all CFCs removed and tagged by a certified technician), furniture, and other similar household items. In addition, tree, brush or shrubbery waste that is cut and tied in bundles of not more than four feet in length and 35 pounds in weight.

When preparing yard debris for bulk collection, remember the three B's:

- ◆ **Bagged,**
- ◆ **Bundled, or**
- ◆ **Boxed!**
- ◆ **Grass, leaves and other small items should be bagged and ARE NOT to exceed 35 pounds per bag.**
- ◆ **Tree limbs and cuttings must be 12 inches in diameter or less and cannot be longer than four feet and must be bundled and tied with twine, string, duct tape or similar cord.**
- ◆ **Century plants, all cacti and similar plants that are hazardous to our collection employees should be boxed to avoid injury.**

Acceptable bulky item collection is limited to two (2) cubic yards of all items in total volume per customer per collection event. Acceptable bulky items does not include construction or demolition debris. See page 2 for additional information.

**2 CUBIC YARDS =
FIFTEEN 30-GALLON TRASH BAGS
OR
FOUR 95-GALLON TRASH CARTS**

**2 Cubic Yards
Approximately
equals
36" wide x 72"
long x 36" high**

Other Unacceptable Items (Excluded

Other unacceptable items include but are not limited to any radioactive, volatile, corrosive, flammable, explosive, biomedical, infectious, bio hazardous, regulated waste, toxic substance or material, as defined by characterized or listed under applicable federal, state, or local laws or regulations, or special waste as defined by the Texas Commission on Environmental Quality, (collectively, (“Excluded Materials”)

Special waste includes but is not limited to all liquids, tires, batteries, and appliances containing CFC’s.

Title to and liability for Excluded Materials shall remain with the generator of the Excluded Materials at all times.

WHAT IS HAZARDOUS WASTE ?

There are many types, and classifications have changed over time.
Several common groups include:

 HOUSEHOLD WASTES such as paint and solvents	 AUTOMOTIVE WASTES such as oil and antifreeze	 INDUSTRY WASTES such as from petroleum
 PESTICIDES	 RADIOACTIVE WASTES	 BIOMEDICAL WASTE

Construction Debris
